

PARKING FOR PEOPLE WITH ACCESSIBILITY REQUIREMENTS WITHIN THE CITY OF PERTH

The City of Perth provides a number of parking concessions for people with accessibility requirements within the City. These include concessional parking rates to Disability Parking Permit holders when:

- Parking Off-Street within a CPP Car Park &
- Parking On-Street (Kerbside)

In addition to providing concessions, the City aims to improve parking for those with accessibility requirements. City of Perth Community Services also produces a brochure titled "City of Perth Access Maps" which provides extensive details on accessibility within the city.

Disability Parking Concession Conditions

- These concessions are applicable only to hourly rates and do not apply to block (10 hour, 12 hour etc.) discounted fees or event parking.
- Concessions are valid within the boundaries of the City of Perth only.
- The City of Perth recognises international and interstate Disability Parking Permits. These are valid for a period of 3 months after the person arrives in Western Australia after which a new Disability Parking Permit needs to be obtained from National Disabilities Services (NDS).
- To be eligible for any concession, the permit holder must be in the vehicle, either as driver or passenger.
- For disability parking outside the City of Perth please obtain the disability conditions applicable from the Local Council.

Parking Off-Street within a CPP Car Park

- **CPP Parking Meter Car Parks**

When a Disability Parking Permit holder is parked in an unstaffed car park operated with parking meters, they must purchase a ticket or pay at the meter for a minimum of 1 hour. When a ticket is provided this must be displayed on the dashboard with their valid Disability Parking Permit. The parking time will remain valid for a further 2 hours after the expiry time. The permit holder may not re-enter the same car park for a minimum of 2 hours.

- **CPP Boom Gate Car Parks (When staff on duty)**

When a Disability Parking Permit holder is parked in a staffed car park where there is an entry boom gate, they must pay for a minimum of 1 hour and can then can park for up to an additional 2 hours for free.

The driver will need to redeem the applicable concession by visiting the Customer Service Office prior to exiting the car park. The Customer Service Officer will need to sight the original Disability Parking Permit and will also collect any monies owing.

The Permit holder may not re-enter the same car park for a minimum of 2 hours.

- **CPP Boom Gate Car Parks** (When staff not on duty)

When a Disability Parking Permit holder is parked in a non-staffed car park where there is an entry boom gate, they must pay for a minimum of 1 hour and can then can park for up to an additional 2 hours for free.

The Disability Parking Permit holder should pay the full fee and obtain a receipt, then post or email their receipt and a legible copy of their permit to City of Perth Parking for a refund. Permit holders do not need to redeem their concessions individually; they may retain their receipts and send several at once.

Use of a Disability Bay

Disability parking permit holders who do not require a wheelchair or walking frame can park in any non-reserved bay within a car park and remain eligible for concessions, thus leaving the extra-wide bays for over-size vehicles or customers requiring extra clearance around the vehicle.

Parking On-Street (Kerbside)

The City of Perth provides parking concessions on-street (Kerbside) for people with accessibility requirements who hold a valid Disability Parking Permit.

Kerbside parking bays are on-street parking bays controlled by green permissive parking signs e.g. ¼ P, 1P, 2P. There are three sign types: (a), (b) and (c).

a) Time restricted no fee payable. (General Bays)

A vehicle displaying a valid Disability Parking Permit in a time restricted parking bay may park for:

- i. If the time limit indicated on the parking sign is under 30 minutes - for 30 minutes;
- ii. If the time limit indicated on the parking sign is between 30 and 60 minutes - for 2 hours;
- iii. If the time limit indicated on the parking sign is over 60 minutes - for twice the period indicated on the sign.

Once this time expires the vehicle must vacate the parking bay and may not return to the same section of road within 1 hour.

b) Time restricted fee payable. (General Bays)

A vehicle displaying a valid Disability Parking Permit in a time restricted parking bay, where a fee is payable, must pay the minimum applicable fee and if required, fees for additional parking time. After the purchased time expires the vehicle may remain parked for the same time again but once this second period expires the vehicle must vacate the parking bay and may not return to the same section of road within 1 hour.

c) Time restricted fee payable. (Disability Parking Specific Bays)

Parking in a time restricted Disability bay is limited to the period stated on the sign. Fees apply.

Please note: Concessions do not apply to restricted parking areas such as Clearways, Loading Zones, Bus Zones, Taxi Zones. Failure to adhere to the above conditions may result in a parking infringement being issued.

Unique Circumstances

While City of Perth Parking makes every effort to provide accessible parking, it is not always possible to meet every circumstance. Our customer service staff are available on **1300 889613** to discuss unique circumstances and will endeavor to assist wherever possible.
